- *Please note that all classes in “red italics” are ACNM sponsored classes and may not be intended or necessary for all NMDOT personnel.*
- Please be aware that the fourth column of this schedule shows “Spots Available” and that represents the number of seats that are available for that class on the date of this schedule. Seats may continue to fill up and some classes may be FULL before the next updated TTCP Schedule is sent out.
- All NMDOT personnel shall schedule through their District TTCP Training Liaison.
- Remember your OJT documentation when you come to TTCP for Certification.
- **Please cancel at least one working day (24 hours) prior to the start of class, if the one working day cancellation policy is not met a \$100.00 no show fee can be applied.**
- **NOTE: For participation in the Nuclear Densometer Training/Certification, you must bring your personal monitoring badge provided by your employer or District representative. NMED no longer allows TTCP to use loaner badges for Nuclear Densometer Training/Radiological Safety Certification or Nuclear Densometer Certification. If the scheduled technician attending either of these classes does not have their assigned monitoring badge by the time the hands-on demonstration is done, then they cannot complete Nuclear Densometer Training/Certification NO EXCEPTIONS.**
